About purchasing the digital files

I've been asked If I would sell the digital files.

I pride myself on delivering a finished piece of

art, and selling you a disk of my images is a job I have not finished. But, at the same time, I can understand if you would like to keep your digital files for the years to come. With orders of \$1000 or more, a set of all digital images shown from your session, in full-resolution format (but not retouched) is \$1000.

Single digital images are sold at the 11x14 price of \$99 each
